

Rates for Writing Projects:

Editorial Services: \$5/page

Editorial Service with In-Depth Critique: \$10.00/page or \$15/hour

Project Contract/Rates (below) include: consultation and research time*, outline, first draft (written according to specifications provided and by deadline given), and one revision (as little as a word or as much as a total rewrite within commensurate deadline).

Subsequent Revisions can be contracted at the "Additional Revisions" rate.

Rates are negotiable within the ranges listed below. Factors affecting rates: amount of research required, type of specifications, urgency of deadline. Rates are generally less for rewrites of existing manuals, more for new manuals. For example, a 20-page rewrite could be quoted at a lesser amount than a 10-page original. The chart below serves as a guideline.
